

BOAT claim for **Broadway Lane & Bull Tor Lane**, in the Parishes of Brushfield and Taddington.
We need statements of use between April **1984** and April **2004**.

As a result of a BOAT claim made in April 2004, Derbyshire County Council started their primary consultation process on 12th June 2017. This process is 'internal', and now it's started, is much quicker than a Public Inquiry process.

There is a strong opportunity for us to get in early with our User Evidence, so as to gain BOAT status through continual public use over the specified 20 year period, but we have to be brisk.

GLASS has set up a unique email account bulltor@glass-uk.org

If you have driven the route in the period concerned, your initial response should simply be to say that you can sign a statement confirming motorised use anytime between 1984 and 2004. One year, 5 years, all 20 years, we need it all, from as many different people as possible. In response, we will get back to you with the details of how to submit your actual statement to us.

Perhaps you are too young?

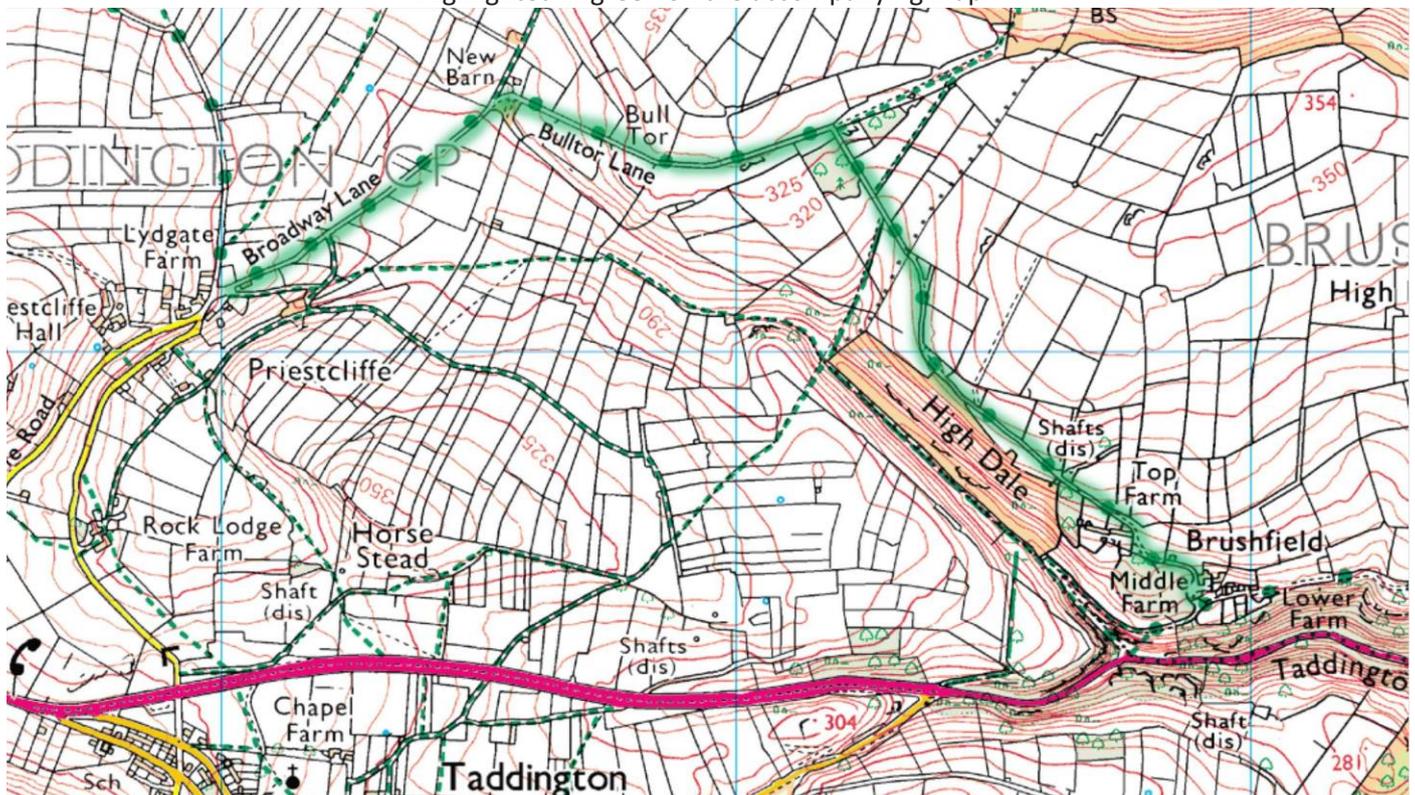

If so, we ask you to seek out those of an older generation who used the route from 1984 onwards. Motorised use in individual years up to and including 2004 is required.

Statements of use for all those years, by as many different people as possible, are what we need. If we, as individuals, don't have relations who used it then, our role is to encourage other 'youngsters' to ask their relations.

We only have a few weeks to collect these statements, and any pictorial evidence, so please start now.

Seek out anyone who has recollections and/or pictures of driving Bull Tor and Broadway Lanes from 1984 onwards, or who has a relative who may have done so. A motor car, motor cycle, or any combination of the two will do. Please forward their contact details to bulltor@glass-uk.org. If you ride or drive the lane in the near future, ask any other motorists you see on the lane if they drove it before 2004. Did their father / grandfather / stepfather/ mother drive it?

Running between SK 1590 7150 and SK 1400 7210,
the Trailwise UIDs are [SK1472-01](#) (Broadway) with [SK1572-01](#) & [SK1472-02](#) (Bull Tor)
Highlighted in green on the accompanying map.
